

In 2024 our 1:1 school expectation is that every student attends class with a Windows laptop, Macbook, or iPad device to engage in a personalised, collaborative and integrated digital learning experience. 3 options are available: Option 1. Use your existing device, or NEW BYOx devices can be purchased from \$259 that meets school requirements. Option 2. \$160 per year Take Home Device. Option 3: Stay At School Device (conditions apply). See options below for more information.

Why a device is required for class? To participate in a knowledge-based economy and be empowered within a technologically sophisticated society now and into the future, students need the knowledge, skills and confidence to make ICT work for them at school, at home, at work and in their communities.

The nature and scope of ICT capability is not fixed, but is responsive to ongoing development. In 2023 the Department of education introduced QLearn and our school introduced ReadCloud (digital textbook resources) and Atomi (Maths) to add to our other well used learning platforms. Our integrated digital experience will require each student to have personal access during lessons to an ICT device capable of meeting each lesson requirements, as laid out by the Australian Curriculum.

<https://www.australiancurriculum.edu.au/f-10-curriculum/general-capabilities/information-and-communication-technology-ict-capability/>

OPTION 1

\$0 BYOx for 2024 includes:

- Free Microsoft Office & Adobe CC*
- Free Internet Access (at school)
- Free Network & Printer Access
- Free Loan laptop (while repaired)
- Free Tech Support

Used in each subject for Digital Text Books, various Online Learning Platforms and is an Australian Curriculum requirement.

Unable to manage to Bring Your Own Device?

OPTION 2

\$160 Take Home Laptop program includes:

- Above support
- Modern laptop
- Use device at school and home
- Cost of \$160 per school year
- Payment plans are available (that's under \$5 per week*)
- Warranty and accidental damage policy included

Email jburr76@eq.edu.au for \$160 Take TOME Laptop agreement

Unable to manage \$5 per week?

OPTION 3

Stay at school equity laptop:

- Above support
- Can only be used at school
- Must be picked up and dropped off from AR02 Tech Support each day

Email jburr76@eq.edu.au for stay at school laptop agreement.
Conditions apply*

www.tannum.me for 2024 BYOx sign up and info.

Must be Windows Laptop - Windows 10/11 Home or Pro or **Apple MacBook** - OSX 11+

DO NOT PURCHASE CHROMEBOOK (cloud based device cannot be used)

- Physical Keyboard
- 64Gb of Internal Storage (Solid State Drive)
- 4Gb Memory
- 10 inch Screen
- USB Port

The above laptop computers are merely examples of devices that meet or exceed minimum specifications at the time of printing. The HP 14" laptops are higher end corporate grade device. Most local suppliers will have something similar, so please shop around. Recommended Accidental Damage Policy or listing device on home insurance. Must be running Windows 10 or 11 Home or Pro prior to connection at school. Students must have admin rights on device. They will also need a protective case, usb mouse and usb key for backups.

Do not purchase software, we will provide you with everything you need for laptop computers. Errors and omissions excepted. If you have something already but are not sure if it is working correctly or suitable, please contact Technical Support at the school for free advice. 0231_infotech@eq.edu.au
