

Under the **Education Act and associated Student Dress Code**, school Principals have the authority to implement a student dress standard. This is to ensure that student dress codes in Queensland state schools reflect school **community standards** and are consistent with requirements such as occupational health and safety, anti-discrimination legislation and the Sun Safety Strategy.

Please find below examples of acceptable and non-acceptable footwear in relation to our dress code.

**At Tannum Sands High School, our definition of a cross trainer definition is:*
